Leader in Medical Education...

There are some 125 Faculty members drawn from a wide range of medical specialties and the total student population of all four years of students is usually around 10,000.

Its unique geographic location, the peace and order, and political stability of Davao City and Region XI has made DMSF an attractive option of foreign medical students.

To date there are some 2000+ foreign medical students at various years of schooling.

VISION

The Davao Medical School Foundation, Inc. envisions healthy communities enjoying quality life.

MISSION

Davao Medical School Foundation, Inc., inspired by the community orientation of the Founders, commits to:

Provide humane and integral health sciences education and services with emphasis on primary health care in the complementation of instruction, research, patient, community health care and community engagement.

Develop and nurture God-centered, competent, compassionate, ethical and socially responsive graduates, faculty, staff and health care providers.

Forge strong partnership and networks with consortium members and other stakeholders in the areas of health and community development.

Keep at pace with global developments in health sciences education and health care services.

The climate is tropical and is similar to India. Presently 1000+ Students are studying medicine and most of them are Tamil students.

Non Smoking City, Safest city in Philippines.
